

SANKT VELTEN

Product - Info

Arnd, guitarist of the German cult thrasher DARKNESS, starts his musical solo project with SANKT VELTEN. With the title "The Discreet Charm of Evil", the musician publishes a metal album in which he processes a wide variety of musical influences. On the album Arnd appears both as a songwriter, guitarist and singer. In collaboration with Holger Schreiber (SC-Sound Recording) and Eldar Ibrahimovic (Studio Armageddon) all songs were produced, mixed and mastered in Germany and Romania.

The album will be released on the label "SCARE-Records", which returns to its musical roots and releases a complete metal album.

As a little foretaste of the upcoming album in November, we have the title song "The Discreet Charm Of Evil" as an Online-Release - now available in all online shops and streaming portals. Further information: www.sankt-velten.com and www.scare-records.de
